

# SP Trätekt / Wood Technology

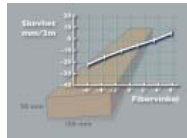

Trätekt – Swedish Institute for Wood Technology Research merged into SP Swedish Testing and Research Institute during 2004 as part of a major reconstruction of the Swedish research institute sector. The new organisation is now a section within SPs unit Building and Mechanics called SP Trätekt.

## Processing and Processes

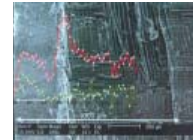

Scanning techniques  
Process control  
Drying  
Grading  
Production technology  
Traceability

## Materials and Products

Material science  
Coatings  
Durability  
Wood modification  
Glueing  
Bio composites

## Building and Housing

Timber structures  
• Houses  
• Bridges  
Fire safety

Acoustics  
Moisture control  
Environmental concepts

## Quality and Testing

Testing  
• Industry demand  
• Accreditation

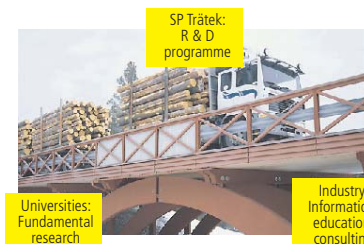

Damage analysis  
Quality control  
Standardisation

## Span of activities

## Scope

## Publications

## Contact details

**Stockholm** Box 5609, SE-114 86 Stockholm, Phone +46 8 762 18 00, Fax +46 8762 18 01, Visit Drottning Kristinas väg 67

**Borås** Box 857, SE-501 15 Borås, Phone +46 33 16 50 00, Fax +46 33 13 55 02, Visit Brinellgatan 4

**Skellefteå** Skeria 2, SE-931 77 Skellefteå, Phone +46 910 28 56 00, Fax 46 0910 28 56 01, Visit Laboratorgränd 2

**Växjö** Vidéum Science Park, SE-351 96 Växjö, Phone +46 470 59 97 00, Fax +46 470 59 97 01, Visit Lückligs plats 1
